

Logan County COVID-19 Update, October 25, 2022

Logan County’s COVID-19 Community increased to ‘Medium’ this week. As a reminder, the COVID-19 Community Level is based on three factors:

- Total new COVID-19 cases per 100,000 population in the past seven days
- New COVID-19 admissions per 100,000 population in the past seven days
- Percent of staffed inpatient beds occupied by COVID-19 patients

The table below shows how Logan County is doing compared to the metrics created by CDC:

| Metric name  | CDC baseline | Logan County data as of 10/18/2022 |
|--|--------------|------------------------------------|
| <b>New COVID-19 cases per 100,000 population last seven (7) days</b>                       | <200         | 87.6<br>Decreased from last week   |
| <b>New COVID-19 admissions per 100,000 population last seven (7) days</b>                  | <10.0        | 4.4<br>Decreased from last week    |
| <b>Percent of staffed inpatient beds occupied by COVID-19 patients last seven (7) days</b> | <10.0%       | 12.4%<br>Increased from last week  |

Logan County’s COVID-19 Community Level increased to ‘Medium’ this week. The COVID-19 case rate increased compared to last week and remains under the baseline of 200, however the COVID-19 hospitalization data increased and the percent of staffed inpatient beds occupied by COVID-19 patients rose above the CDC threshold. If you identify any clusters of COVID-19 cases, we recommend you take measures to prevent any further spread. The Logan County Health District strongly recommends everyone to be vigilant in their prevention efforts. If you or a loved one is sick, stay home. Maintain

good indoor air quality. Follow isolation and quarantine guidelines when they apply to you and your family. Have a supply of COVID-19 tests available in your home in case anyone gets ill. Get yourself and your family fully vaccinated against COVID-19.

The Logan County Health District has COVID-19 vaccinations available for all eligible age groups (including first doses and bivalent booster doses).
