

Logan County COVID-19 Update, May 09, 2023

With the COVID-19 Public Health Emergency ending on May 11<sup>th</sup>, the CDC is no longer publishing COVID-19 community level data. CDC is changing their surveillance efforts to monitor COVID-19 hospitalization and death data.

This week, the CDC lists Logan County's COVID-19 hospitalization admission level as Low.

The community is recommended to:

- [Stay up to date](#) with COVID-19 vaccines.
- Maintain [ventilation improvements](#).
- Avoid contact with people who have suspected or confirmed COVID-19.
- Follow recommendations for [isolation](#) if you have suspected or confirmed COVID-19.
- Follow the recommendations for [what to do if you are exposed](#) to someone with COVID-19.
- If you are at [high risk of getting very sick](#), talk with a healthcare provider about additional prevention actions.

If you identify any clusters of COVID-19 cases, we recommend you take measures to prevent any further spread. The Logan County Health District strongly recommends everyone to be vigilant in their prevention efforts. If you or a loved one is sick, stay home. Maintain good indoor air quality. Follow isolation and quarantine guidelines when they apply to you and your family. Have a supply of COVID-19 tests available in your home in case anyone gets ill. Get yourself and your family fully vaccinated against COVID-19.

The Logan County Health District has COVID-19 vaccinations available for all eligible age groups, including those that have yet to get their first COVID-19 vaccination. It's never too late to get the vaccine.

The Logan County Health District also has free COVID-19 test kits available. To order yours, visit <https://www.loganhealthohio.gov/covid19-test-kits>. You can also order free COVID-19 test kits and have them delivered through the mail. To order your free mail order COVID-19 test kits, go to [www.covidtests.gov](http://www.covidtests.gov)
